## PRESS RELEASE

### **Roy Strom Pickups of Damaged Property**

**April 19, 2013**

The Village of Villa Park has partnered with the Roy Strom Company to provide two special garbage pickup days to help our residents remove flood damaged personal property. On **Saturday, April 20, 2013** and **Saturday, April 27, 2013** Roy Strom garbage trucks will begin collecting storm damaged property throughout the entire Village.

There will be four refuse trucks going throughout the Village to pick up material placed at the curb beginning at 7am and continuing throughout the day. Please be advised that there will be no limit to the amount of large items for pickup.

Regular garbage pickup restrictions do apply, ie. no hazardous material, no electronics, no tires, etc.

Roy Strom is also offering a discount to residents who would like to use a roll off box for debris. A 20 yard roll off box will be available to Villa Park residents at a rate of \$340 for a one week rental.

If you have any questions please call Roy Strom Company at (708) 344-5000.
