RE: North Avenue Townhomes Lift Station Project

Dear Resident:

Construction of the Village of Villa Park's **North Avenue Townhomes Lift Station Project** has reached a point that access to the parking lot is now available again. At this time we ask that all residents please resume parking in the townhomes parking lot. Parking will no longer be allowed in the Safari Land parking lot or on the streets previously listed. All regular parking restrictions will be enforced again, beginning tomorrow, Tuesday, September 29.

The general contractor for this project is John Neri Construction, Inc., of Addison, Illinois. All questions and comments regarding this project should be directed to the Village of Villa Park Engineering Division at (630) 834-8505. We will make every attempt to keep you informed of construction progress and activities, and thank you in advance for your patience throughout the course of this project. If you have any questions or would like additional information, please do not hesitate to contact us.
