10-18-16

Dear Resident:

Your street has been scheduled for pavement rejuvenation on 10-19-16.
In case of postponement due to weather or other conditions, work will be rescheduled for the next possible business day.

To perform this treatment on your street, you will be required to have your cars moved to an adjacent street (not scheduled for treatment on the same day as your street) by 6:00 AM on the day of treatment.

Your street will be temporarily closed for approximately 4-6 hours in order to apply the rejuvenation treatment. We ask that during the time of application and curing (when the barricades are in place) no cars, bicycles, pedestrians, or pets use the street so that tracking of any fresh material onto your driveway or into your home will be avoided. **If you must drive on the streets, please drive slowly to keep the removal of the material to a minimum.**

You will be notified of the construction by the posting of temporary "No Parking" signs one business day before the scheduled construction date. If your vehicle remains on the street the morning of the treatment, the contractor will attempt to notify you in person to move your vehicle. If your vehicle is not moved, it will be towed.

Below is a list of streets that are receiving the rejuvenation treatment. Please do not park or drive on the following streets until after sand has been applied. If you have any questions, please do not hesitate to call the Village of Villa Park Public Works Department at (630) 834-8505.
