Bicycle and Pedestrian Master Plan

The Village of Villa Park is partnering with Active Transportation Alliance to develop a Bicycle and Pedestrian Master Plan. The plan will focus on improving connections to the Illinois Prairie Path, Great Western Trail, Salt Creek Trail, and other local destinations, fill in gaps in the sidewalk network, and make intersections safer for people traveling on foot or by bike.

Now through October, we're soliciting ideas from the community that will help inform plan recommendations and priorities. There are several ways to participate:
