

THE FOLLOWING CLASSES ARE OFFERED BY YOUNG REMBRANDTS

NEW Tree House Adventure

Magical, mythical, and marvelous art is coming your way in this new Young Rembrandts Drawing Workshop! Join us for two big days filled with fun and creative action as we explore deep in the Tree House Fantasy Forest. Students tap into their imagination, learning to draw otherworldly creatures like fairies, trolls and a Forest Queen. Artists will become a mythical architect to design and draw the Tree House of their dreams. Such a cool way to gets kids to view their surroundings and imagine a different world right in their own back yard. Students will complete different drawings each day and learn to create beautiful scenery and new masterpieces. Register now to save your child's spot in this fanciful workshop focused on creativity and whimsy!

NEW Our Favorite Pets

Wonderful things happen when there are animals in the house. Let's draw awesome animals together, dogs, cats, fish, and birds (they're all over this workshop). Our artists will decide how the artwork will be colorful as we learn to draw and explore the playful side of our animal BEST friends in funny cartoon images in all their personality. We'll draw them in relaxed activity OR mischievous games. Our workshops are an exciting educational experience perfect for your imaginative child! Enroll today! Creative inspiration is always happening with Young Rembrandts.

NEW Dinosaur Dynasty

Travel back in time (for 2 days) to the land of the lost. Join us for a workshop celebrating our favorite topic - DINOSAURS! Each day students will use a step by step method of shapes and lines to create impressive and frame-worthy art. Artists draw and color different types of dinosaurs in varied styles from realistic, graphic and cartoon. Perfect for boys or girls who love the ancient world of BIG LIZARDS! We'll use colored pencils, Sharpies™ and markers, and bring the dinosaurs alive with color and humor. Young Rembrandts establishes a lifelong love of drawing and art. Let's get started today!

NEW

Online Magic Class with Gary Kantor

Professional magician Gary Kantor now teaches his popular magic class ONLINE. This 45-minute class teaches children how to perform a number of mind-boggling tricks using everyday household items. Gary will start by explaining the secrets to the tricks and then both Gary and the children will practice everything in great detail. The children will have a blast as they learn exactly what to say and do when performing in front of an audience. And since this class is online, it can be taken whenever it is convenient for your schedule and the videos can be watched again and again. Your entire family can even take this class together! Additionally, be sure to sign up for this class again since new tricks are taught each session. When you register, you will be told the household items that are needed for the class.

NEW

Online Balloon Animal Workshop!

Professional balloon artist Gary Kantor introduces a 45 minute online class that teaches children the techniques needed to take plain balloons and transform them into incredible balloon animals (like dogs, butterflies, fish, etc.). By watching these online videos children will create their own balloon animals with Gary walking them through each step in the process. And this class isn't just for the kids; parents will have a blast if they join the experience. Additionally, you can sign up again since each session makes different animals. Ideal class age is 7 and above. Please note: you will need your own balloons and balloon pump. The pump and balloons cost about \$13, and when you register you will be given information on places to purchase these.

LEGO® Engineering Workshop - Amusement Park Adventures!

Delve into the history and mechanics of your favorite amusement park rides in this imaginative unit. Students will use our proprietary LEGO® technic kits to construct a Ferris Wheel, Carousel Swing, Swing Boat Ride, and a Merry Go Round. Our one-of-a-kind kits incorporate beams, axles, gears, motors and battery packs to make our creations come to life! Lessons incorporate principles of physics, described in a way children can understand, such as "G-force" inertia and momentum, as well as math concepts. These engaging lessons will give students an understanding of the physical forces they experience every day.
