**RE: Michigan Avenue Improvement Project  
Driveway Access Restriction/Temporary Road Closure**

Dear Resident:

Construction of the **Michigan Avenue Improvement Project** has now reached the point that the contractor is ready to begin laying the asphalt for the new road surface. This work is scheduled to begin on **Monday, November 16, 2020**. During this time, crews will be removing the temporary driveway access ramps and preparing the street for paving, which tentatively will be completed Tuesday, November 17.

**Residents will not have access to their driveways from the morning of Monday, November 16, to the end of the work day Tuesday, November 17, weather and other circumstances permitting.** During this time, residents will be allowed to park during the day and overnight on side streets, where permitted, and will be allowed to park overnight on your street, where permitted, between the hours of 5:00 PM and 6:00 AM. The Villa Park Police Department will be notified of the need for this parking situation, and should accommodate residents accordingly. **We ask that you please make arrangements to have all necessary vehicles out of your driveway by 6:00 AM on Monday, November 16, 2020.**

All questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project.
