**RE: Jackson Pond Expansion Project  
Topographic Survey**

Dear Resident:

The Village of Villa Park has contracted with V3 Companies of Illinois, Ltd. to collect topographic data within the section of town bounded by Washington Street to the north, Ardmore Avenue to the east, High Ridge Road Street to the south, and Addison Avenue to the west. This data will be used to finalize the design of the planned Jackson Pond Expansion Project.

For the next several weeks you may see field technicians and GPS equipment throughout your neighborhood. A drone will also be utilized to conduct aerial surveying. Further information on the Jackson Pond Expansion project can be found on the village website: <http://www.invillapark.com/850/Jackson-Pond-Expansion-Project>.

Please direct any questions or concerns to the Village of Villa Park Public Works Department at 11 West Home Avenue either by phone at (630)-834-8505, or by email at [engineering@invillapark.com](mailto:engineering@invillapark.com).
