**RE: 2017 Street Improvement Project  
Driveway Notice**

Dear Resident:

Please disregard the letter that was previously delivered regarding driveway closures on Adams Street. Installation of the new curb and gutter has been rescheduled for **Tuesday, September 5<sup>th</sup>**. You do not need to have vehicles out of your driveway until 7:00 AM on Tuesday, September 5<sup>th</sup>. We apologize for the confusion.

You are receiving this letter as notice that the curb and gutter in front of your house will be installed, resulting in a loss of driveway access for approximately five to seven days to allow for proper curing of the concrete.

During this time, residents will be allowed to park during the day and overnight on side streets, where permitted, and will be allowed to park overnight on Adams Street, where permitted, between the hours of 5:00 PM and 6:00 AM. The Villa Park Police Department has been notified of the need for this parking situation, and should accommodate residents accordingly. **We ask that you please make arrangements to have all necessary vehicles out of your driveway by 7:00 AM on Tuesday, September 5<sup>th</sup>.**

We fully understand that this work will be one of the most inconvenient portions of the project for residents, but would like to emphasize that this will mark a substantial move towards completion of the project. After the curb and driveway improvements are complete on both sides, pavement work will continue.

As always, all questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
