**RE: 2017 Street Improvement Project
Addison Avenue Overnight Parking Passes**

Dear Resident:

The Village of Villa Park recently distributed a letter notifying you that you will not have access to your driveway while work takes place on the installation of the new curb and gutter in front of your house. The letter mentioned that you will be allowed to park overnight on side streets, where permitted.

Parking on Addison Avenue is only permitted on the west side of the street, which is located in the Village of Lombard. **The Village of Villa Park has coordinated with the Village of Lombard to allow for overnight parking on Addison Avenue; however, you will be required to display an overnight parking pass in the front window of all vehicles that are parked overnight on Addison Avenue.**

Enclosed are five (5) overnight parking passes for your household's use. These parking passes are being distributed to residents on Adams Street between Addison Avenue and Wisconsin Avenue. You do not need to display the overnight parking pass on any vehicles that are parked on Village of Villa Park streets. We also ask that you do not park overnight on any Village of Lombard streets other than Addison Avenue.

As before, we ask that you please make arrangements to have all necessary vehicles out of your driveway by 7:00 AM on Tuesday, September 5th.

As always, all questions and comments regarding this project should be directed to the Engineering Division of the Village of Villa Park Public Works Department at (630) 834-8505. We also ask that any residents with special needs contact us so that we can accommodate them as best as possible. We thank you for your continued patience, especially during this period of the project. If you have any questions or would like additional information, please do not hesitate to contact us.
