All Star Sports Instruction Programs 2020

The following classes are taught by All Star Sports Instruction at the Iowa Community Center. Coaches are trained through All Star's extensive coaching program as well as being nationally certified. All Star's goal is to have sports be a positive experience for everyone involved. All classes focus on teamwork and sportsmanship.

Jr. Soccer

Taught the All Star way, this program will keep everyone active and engaged both mentally and physically. The game is taught by hiding drills in fun games and using association techniques that get down to each player's level. Soccer is a game that is action packed so there will be no sitting and waiting! Players will be engaged at all times and cover simple foot skills, dribbling, passing, shooting, basic rules and even work on spreading the field. This class will not only keep the players active but will be a great base to prepare them for the next level of play.
